

BLACK STRIPPING PAD

Features:

- Designed to strip floor finish from floor prior to refinishing
- Consistent performance over life of pad
- Use on standard, low speed automatic scrubbers and rotary floor machines

Description

This product is a floor stripping pad made of nylon and polyester fibers. Abrasive particles are dispersed throughout and bonded to the non-woven construction with an adhesive. The pads are nominally one inch thick and available in various sizes.

Use

This product is used with water-based floor finish stripping solutions to remove old soiled floor finishes and sealers. The product is also used to clean heavily soiled hard surface floors such as concrete when used with appropriate cleaning chemicals. The product is normally used on low speed rotary floor machines (175-600 rpm) or automatic scrubbers.

TECHNICAL INFORMATION	
Fibers:	Nylon/Polyester blend
Sizes:	Available in a variety of common sizes
Thickness:	1" nominal
Center Hole:	3.25"
Recycle Content of Packaging:	Packaging consists of 50-100% recycled materials and is 100% recyclable
Color:	Black
Case Pack:	5
