

**REN02109**

## **BLUE UTILITY PAD**

### **Features:**

- Designed for medium-duty scrubbing on stairs, corners, and other tight spaces
- Consistent performance over pad life. Use on swivel pad holders to clean floor surfaces that can't be reached with standard equipment.

### **Description**

This product is a floor scrubbing pad made of polyester and nylon fibers. Abrasive particles are dispersed throughout and bonded to the non-woven construction. The pads are nominally one inch thick and sized to fit standard swivel pad holders.

### **Use**

This product is used with a neutral or general purpose cleaner to scrub hard surface floors and remove one to two coats of floor finish. The pads are designed for use with the swivel pad holder system to reach floor areas not accessible to standard floor machines.
