# 2300 ML FOAM CXT THRU-COUNTER TOUCHFREE SYSTEM DISPENSER

**Description:**

This new dispensing system offers exceptional durability and high-end design. The sleek, solid metal fixture is the trouble-free solution for high-traffic, design-forward handwashing environments such as casinos, airports, shopping malls, sports and performance venues - wherever reliability, image and high-capacity refills matter most.

- Chrome finish complements décor
- Durable, solid metal fixture
- Submersible, waterproof spout sensor
- Drip-free, mess-free operation
- SANITARY SEALED™ refill helps lock out germs
- Fresh dispensing valve with each refill
- Refill snaps in place with audible click
- Latch release makes refill easy to unload
- Adaptable swivel motor housing design – rotates 360 degrees
- Ultra-high capacity 2300 mL refills provide 2,300 - 3,800 hand washes
- Extended battery life - 45,000 uses
- Touchfree system
