

# LIME-RID NON-FOAMING DESCALER

**RENO2701-MS**  
(880996)

**RENO2702-MS**  
(880987)

**Features:**

- Non-Foaming
- Removes mineral deposits
- Removes lime, food film, and scale

**Description:**

Concentrated mild acid detergent removes soap scum, body oils and grease from bathrooms, showers and swimming pools. Restores and rejuvenates surfaces by removing water minerals and lime deposits.

Not for use on marble, polished aluminum surfaces, granite, terrazzo, natural stone and Formica. Always rinse off the chemical with clean water. Do not mix with chlorine bleach.

**Directions:**

Use: FOR USE ON bathrooms, showers and swimming pools, etc.  
DILUTE ACCORDINGLY:

Light Cleaning -- 1:40 ratio (3 ozs. Per gallon of water)

General Cleaning – 1:30 ration (4 ozs. Per gallon of water)

Heavy-duty Cleaning – 1:20 ration (6 ozs. Per gallon of water)

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used. Apply solution freely to the surface with clean sponge, mop, or sprayer. Allow solution to stand at least 5 minutes or more depending on soil condition. After soil is loosened, wipe or pick-up solution and rinse with clean water. For heavier soil conditions agitate with a scrub brush or floor machine to hasten and improve cleaning time and performance.

TECHNICAL INFORMATION:	
Active Ingredients:	40.0 ± 0.5%
Color:	Light pink
Odor:	Mild
Base:	Sequestering acids
pH:	1.0 - 1.5
Viscosity:	Water thin
Foam:	Low
Abrasives:	None
Solubility:	Complete with water
Sequestration:	Excellent
Detergency:	Excellent
Rinsability:	Excellent
Fumes:	None
Flash Point:	None (waterbased)
Biodegradability:	Complete
Storage/Stability:	2 years
Weight per Gallon:	11.67 lbs./gal.
Freeze / Thaw Stability:	Keep from freezing
