

ICE MELT RESIDUE REMOVER

Features:

- Dissolves all ice melt chlorides, soap and hard water films
- Pleasant fragrance
- Highly concentrated and economical to use
- Biodegradable

Description:

An all-purpose cleaner used to condition floors and remove ice melt residue, hard-water build-up, and soap haze from all surfaces. Designed to dissolve all ice melt chlorides, soap and hard water films as well as scum, scale, and other organic residues. When used as directed, it will not harm any surface not affected by water. Highly concentrated and economical to use.

Directions:

Application: Depending upon the flooring type and soil levels encountered, follow the directions as outlined below using warm water.

Use: FOR CLEAN UP OF ICE MELT RESIDUES FROM FINISHED FLOORING: For light residue removal, dilute solution at 3 oz. per gallon of water. For heavy residue removal, dilute at 8 oz. per gallon. Damp mop floor in usual manner and let stand for 5 to 8 minutes. Scrub or agitate as required using a mop, automatic scrubber or single disc floor machine. Pick-up the solution with mop and bucket or wet vacuum. FOR CONCRETE, BRICK, TERRAZZO FLOORS: Dilute 8 oz. of concentrate per gallon of water. Damp mop floor in usual manner and let stand for 5 to 8 minutes. Scrub or agitate as required using a mop, automatic scrubber or single disc floor machine. Pick-up the solution with mop and bucket or wet vacuum. FOR SPRAY AND WIPE APPLICATIONS: Dilute 1 to 1 with water. Spray on ice melt residue and let stand for 3 minutes. Use a clean microfiber cloth to wipe clean. Rinse with water.

EXTRACTION CLEANING FOR ENTRY MATS AND CARPETING:

1. Pre-mix 1 part of product with 64 parts of water.
2. Pre-spray areas to be cleaned or use in the extraction machine.
3. Allow a dwell time of 5-10 minutes. Do not allow carpet to dry.
4. Extract with water, removing chemical and soil.
5. Accelerate drying with air-moving units as needed.
6. After carpet has dried, vacuum carpet thoroughly.

TECHNICAL INFORMATION:	
Color:	Green
Fragrance:	Winter Spice
pH:	8.5 – 9.5
pH of Dilution:	7.5 - 8.5
Viscosity:	Water thin
Foam:	Moderate
Detergency:	Excellent
Biodegradability:	Complete
Solubility:	Complete with water
Flash Point:	None
Storage/Stability:	1 year
Weight Per Gallon:	8.96 lbs. per gallon
Freeze/Thaw Stability:	Keep from freezing
