

HIGH PERFORMANCE NR FLOOR STRIPPER

REN02797-MS
(100988)

REN02808-MS
REN02809-MS

Features:

- Non-Caustic
- No Harsh Alkaline Residues
- Excellent Rinsability

Description:

No-rinse stripper is formulated to penetrate, emulsify and liquefy multiple layers of floor finish for complete removal. Non-caustic, no harsh alkaline residues. Using a neutralizer is not needed before applying finish. Concentrated solvent system that re-dissolves the floor finish as it breaks the finish loose from the floor. This product completely evaporates from the surface. Can be used with or without a floor machine.

Directions:

Use: The desired concentration will depend on the build-up and age of the polish film. As a starting point dilute with cold water or mildly warm water as follows:

For Floor Machine Stripping System:

Dilute 1 part of product to 14 to 16 parts water.

The stripping solution may be applied with a mop or automatic scrubber. Allow to stand for 3 to 5 minutes, scrub with a rotary floor machine or automatic scrubber equipped with stripping pads. Pick-up the solution and old finish with a wet vacuum, automatic scrubber or clean mop. Allow floor to dry completely. If desired, a rinsing step can be added.

For Mop/Wet Vacuum Stripping System:

Dilute 1 part of product to 3 to 5 parts water depending on build-up.

Apply liberally with a mop to an area small enough so as not to allow the solution to dry and allow to stand for 3 to 5 minutes. Agitate with a mop and remove solution and old finish with a wet vacuum. Allow floor to dry completely. If complete stripping is not accomplished repeat the above procedure before application of floor finish.

| TECHNICAL INFORMATION: | |
|--------------------------|--------------------------|
| Active Ingredients: | 55.0 ± 0.5% |
| Color: | Clear |
| Odor: | Sassafras |
| pH: | 12.5 - 13.0 |
| Viscosity: | Water thin |
| Foam: | Low |
| Abrasives: | None |
| Phosphate Content: | None |
| Solubility: | Complete with water |
| Emulsification: | Excellent |
| Detergency: | Excellent |
| Rinsability: | Excellent |
| Flash Point: | 145 ⁰ F (TCC) |
| Biodegradability: | Complete |
| Storage/Stability: | 2 years |
| Weight per Gallon: | 8.27 lbs./gal. |
| Freeze / Thaw Stability: | Keep from freezing |
