ENERGIZED ELECTRICAL CLEANER

For Energized Equipment Use Only

Features:

- Fast Dry Nonflammable Chlorinated Formula
- Leaves No Residue & Dries Fast
- High Flow Blasting Action Spray
- Nonconductive to 29,000 volts
- Not Recommended for Prolonged Contact with Plastic

Description: This is a highly concentrated solvent designed to remove dirt, grease, oil and grime from surfaces of electrical equipment where cleaning and/or degreasing is accomplished when electrical current exists, or when there is a residual electrical potential from a component, such as a capacitor. Cleaning is quick and simple without the danger of injury to working parts. This solvent is ideally suited for use on energized systems: electric motors (even while running), electrical equipment, generators and power tools. It is non-flammable and non-conductive so it will not short motors, generators, other electrical equipment, or increase fire hazard.

TECHNICAL INFO:		
Physical Properties	Appearance	Clear Spray
	Color	None
	Odor/Fragrance	Solvent
	pH	N/A
	Spray Pattern	Mist/Stream
Environmental Profile	Glycol Ether Content	No
	Biodegradability	No
	Chlorinated Solvents	Yes
	Green Status	None
	Recyclable Packaging	Yes
Regulatory Compliance	% VOC By Weight	0.0
	VOC Restricted Regions	None
	Food Processing Suitability	K2
	EPA #	N/A
	Flammability per CPSC	NCAF
	NFPA Code 30B Storage Level	1
