

# SPECIAL RINSE

**REN05605-US**  
**REN05606-US**

This product is a very effective rinse additive for high temperature mechanical dishwashing final rinse application. It lowers the water surface tension to speed surface drainage and provides clean, spot-free dishware. Elimination of water mineral spots on dishware removes one place where bacteria can grow and multiply. This product will do an effective job in most water conditions and can be dispensed through any type of commonly used dispensing equipment.

**Features:**

- Special surfactant blend
- Superior rinsability
- Removes rinse water quickly

**Related Benefits:**

- Helps control spots on all ware
- Prevents streaking
- Enhances drying

**Important:**

Read and understand the label and Material Safety Data Sheet (MSDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The MSDS is provided with each container shipped. It is also available from the distributor.

**To Use:**

**USE DILUTION:** Concentration varies due to environmental conditions. Your sanitation specialist will adjust properly to meet your needs. **DO NOT MIX WITH ANYTHING BUT WATER.** 1. Pre-flush and/or scrape dishes before washing. 2. Rack dishes properly. Place dishes in machine. 3. Wash using a recommended mechanical warewash detergent. Should maintain 150°-160°F wash temperature. 4. For rinse cycle, use this product. Be sure rinse injector is working properly. Should maintain 180°-190°F rinse temperature. 5. Allow dishes to air dry.

See label for complete directions and use only as directed.

SPECIFICATION DATA	
Available Sizes:	4/1 gal., 5 gal.
Physical State:	Liquid
Color:	Green
Fragrance:	None
Specific Gravity:	1.020
pH (undiluted):	3.0 - 6.0
Phosphorus:	Not over 0.10%
