### LIQUID SOAK IT

This product is especially designed for pre-soaking of silver and stainless steel utensils. Its excellent soil penetrating and softening abilities quickly loosen dried on or hardened foods. When this product is in use, silverware comes out clean after each single trip through the dishmachine.

**Features:**

- Specially formulated compound
- Alkaline / surfactant blend
- Detarnishing capabilities

**Related Benefits:**

- Removes tough soils from flatware
- Penetrates soils quickly
- Improves silverware appearance

**Important:**

Read and understand the label and Material Safety Data Sheet (MSDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The MSDS is provided with each container shipped. It is also available from the distributor.

**To Use:**

USE DILUTION: 1 ounce to 2 gallons of water. DO NOT MIX WITH ANYTHING BUT WATER. In a plastic pan, dissolve 1 ounce of product to 2 gallons of water. Place stainless ware and/or silverware in solution for several minutes. Remove, rinse and wash in dishmachine in normal fashion. See label for complete directions and use only as directed.
