LIME OUT

This product is an acid blend designed for rapid lime and mineral soil removal. It provides quick penetration of lime soils and free rinsing for exceptional results. It is an excellent choice for the recirculation cleaning of dishmachines. This non-fuming acid concentrate may also be used to remove the lime or mineral films on other kitchen equipment or utensils. It can be used at any concentration depending upon the severity of the lime being removed.

Features:

- Institutional strength acid
- Non-foaming
- Designed for regular use
- Non-abrasive
- Phosphate free

Related Benefits:

- Removes lime fast and efficiently
- Excellent for deliming dishmachines
- Extends life of equipment
- Won't harm surfaces
- Environmentally friendly

Important:

Read and understand the label and Material Safety Data Sheet (MSDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The MSDS is provided with each container shipped. It is also available from the distributor.

To Use:

Note: Do not use on aluminum. **USE DILUTION:** For general use, use 1-2 ounces to 2 gallons of water. **INITIAL TREATMENT:** Use 2-3 ounces per gallon of water. Allow areas of heavy deposits to soak for several minutes, then brush surface. **DISHMACHINE:** 1. Drain, flush, and clean out machine. Never add lime solvent to dishmachine containing warewashing detergent. 2. Close drain valve, fill tank(s) with hot water. 3. Add lime solvent at 4 ounces (½ cup) for each gallon of water. 4. Turn on pumps until lime can be brushed or flushed away. 5. Drain tank and flush. Always use rubber gloves if product may contact hands. **DO NOT LET DELIMER SOLUTION REMAIN IN UNATTENDED DISH MACHINE.**

See label for complete directions and use only as directed.

SPECIFICATION DATA	
Available Sizes:	4/1 gal.
Physical State:	Liquid
Color:	Green
Fragrance:	None added
Specific Gravity:	1.055
pH (undiluted):	< 2.00
Phosphorus:	0.00%
