

REN05615-US

AQUA FOAM

This product is a highly concentrated, superior performing product. At 1 ounce to 15 gallons of water, this product will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The advantage to using this product is that it will provide food service personnel a quick, yet extremely efficient way to wash heavily soiled dishware. The real value associated with using this product is the long term labor savings and cost reductions realized with every wash.

Features:

- High suds
- Excellent grease cutting
- Mild to hands
- Safe on all ware
- Floral scent
- Institutional strength

Related Benefits:

- Long lasting cleaning power
- Saves time and labor
- Employee acceptance
- No corrosion
- Pleasant work environment
- Low use cost

To Use:

USE DILUTION: 1 ounce to 15 gallons of water. DO NOT MIX WITH ANYTHING BUT WATER. 1. Pre-flush ware to be cleaned. Luke warm water works best. 2. Adjust the detergent dispenser properly to dispense 1 oz. of product to 15 gallons or more of warm water. 3. Fill first tank with warm water (110°-120°F) to the proper level and depress detergent activator switch to dispense product into sink. Wash. 4. Rinse with clean water. (Tank #2) 5. Sanitize using a recommended sanitizer. (Tank #3) 6. Air dry, NEVER TOWEL. Store dishware in a clean, dry, protected place to prevent contamination before use.

See label for complete directions and use only as directed.
