

COMPAC BUILT LAUNDRY DETERGENT

**REN05629-US
REN05630-US**

This product is a quality phosphate free liquid laundry break and suds combination. It is designed for those special laundry applications where a three product system can be used effectively. When used in conjunction with liquid laundry bleach and a laundry sour and softener, this product emulsifies and suspends tough soils, all in one easy step. The use of this product will provide whiter and brighter linens in all laundry operations.

Features:

- Concentrated
- Phosphate free
- Combination product
- Institutional strength

Related Benefits:

- Provides excellent soil removal
- Environmentally friendly
- Reduces product inventory
- Removes heavy soils

Important:

Read and understand the label and Material Safety Data Sheet (MSDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The MSDS is provided with each container shipped. It is also available from the distributor.

To Use:

USE DILUTION: Concentration varies due to environmental conditions. Consult your sanitation specialist for proper use dilution. **DO NOT MIX WITH ANYTHING BUT WATER.** 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject this product directly from shipping container. 5. When bleaching, inject a recommended liquid laundry destainer into the laundry machine directly from the shipping container. 6. When souring and softening in the final rinse cycle, inject a recommended liquid laundry sour and softener into the laundry machine directly from the shipping container. A final pH of 5.5 - 6.5 is recommended for the fabric.

See label for complete directions and use only as directed.
