

LAUNDRY DESTAINER

REN05637-US
REN05638-US

This product is a concentrated sodium hypochlorite solution for use in laundry bleaching. It is designed for automatic dispensing. This product will keep white fabrics free of stains and aid the overall cleaning program. It can also be used as a household bleach. However, care should be taken to reduce the level used as the strength is over twice that of normal household bleaches.

Features:

- Institutional strength
- Powerful destaining action
- High-strength chlorine base

Related Benefits:

- Use less product
- Eliminates tough stains from fabric
- Removes organic stains quickly

Important:

Read and understand the label and Material Safety Data Sheet (MSDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24-Hour Emergency lines, storage data and other safe handling information. The MSDS is provided with each container shipped. It is also available from the distributor.

To Use:

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. **DO NOT MIX WITH ANYTHING BUT WATER.** 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, feed a recommended liquid laundry break and a recommended liquid laundry destainer. 5. When bleaching, feed this product into the laundry machine directly from the shipping container. Be sure to defeat bleach switch on the laundry panel if you prefer not to use this product (ie: washing colored fabric). 6. When souring and softening, feed a recommended liquid sour and softener into the laundry machine directly from the shipping container. Works best in the final rinse cycle. A final pH of 5.5-6.5 is recommended for the fabric.

See label for complete directions and use only as directed.

SPECIFICATION DATA	
Available Sizes:	5 gal., 15 gal.
Physical State:	Liquid
Color:	Yellow
Fragrance:	None
Specific Gravity:	1.210
pH (undiluted):	> 12.0
Phosphorus:	0.00%
